Attention Generals, in peace and without malice aforethought,

We the people united as Coalition of Churches, National Peace Commission, SAJurA, Yes Movement, United Democratic Front, ZAR Boervolk and others have urgent need to communicate with your Office as a matter of urgency and national security.

Introducing SAJurA:

Firstly, we the arbitrators for the people – the lawful and rightful authority, beneficiaries, creditors, owners, priority claimants, trustees and shareholders, with unlimited commercial liability, for the organic un-incorporated South African Republic, an Express Trust at South African common law, meaning the moral sentiment of the people, have assembled on Southern African land and soil at natural law jurisdiction as *Southern Africa Jural Assembly*, hereinafter “SAJurA”, an un-incorporated *de jure* people’s court of conscience and court of record by, for and of the people in accordance with and for the fulfilment of the **1955 Freedom Charter** and the **1994 Reconstruction & Development Programme (RDP) Policy Framework**, specifically **5.7 – The Administration of Justice**, and in accordance with but not subject to the Bill of Rights, specifically: :

**Section 34. Access to courts**

Everyone has the right to have any dispute that can be resolved by the application of law decided in a fair public hearing before a court or, where appropriate, another independent and impartial tribunal or forum.

And:

**39. Interpretation of Bill of Rights**

1. When interpreting any legislation, and when developing the common law or customary law, every court, tribunal or forum must promote the spirit, purport and objects of the Bill of Rights.
2. The Bill of Rights does not deny the existence of any other rights or freedoms that are recognised or conferred by common law, customary law or legislation, to the extent that they are consistent with the Bill.

In peace, brother-thomas, peacemaker

**Notice & Order to the SANDF**

**Kindly Take Notice That** sovereignty is vested in we the people for whom the government exists and acts. *“Sovereignty itself is... not subject to law, for it is the author and source of law... while sovereign powers are delegated to the agencies of government, sovereignty itself remains with the people, by whom and for whom all government exists and acts.”* Justice Thomas Stanley Matthews in *Yick Wo v. Hopkins* [p. 370]:

That the blood of our martyrs have paved a highway of freedom for we the people since the 1950s Defiance Campaign and the actions of the United Democratic Front and the will of the people was established in the 1955 Freedom Charter and RDP Policy Framework; and both declared: The people shall govern!!!

However, in 1994 instead of a lawful South African Real Public Trust, of which we the people are the shareholders and beneficiaries, our people were sold down the river in favour of a foreign corporation registered as REPUBLIC OF SOUTH AFRICA INC., hereinafter RSA INC. for the benefit of a few elite shareholders to exploit and pirate and profit off of the people and South Africa.

And, instead of a lawful governor or statesman elected by the people a C.E.O of RSA INC. called a "President" was elected by a foreign private board of trustees.

Maxim - Capture by pirates and robbers does not change title.

Now, you are caught between a rock and a hard place because SANDF members are in fact employees and the hired help of we the people. We pay your salaries and you swore an oath to protect we the people and the Republic and NOT the elite shareholders of RSA INC. Instead, you are being used at our expense as mercenaries for a private foreign corporation.

And, to make things worse these pirates have now bankrupted RSA INC. without our prior and informed consent and for which we the people are not responsible. And now the UN Nations want to fraudulently claim South African assets and land and resources under the guise of a Plandemic.

Furthermore, it is common opinion amongst the millions of informed people that the Covid Plandemic is a UN New World Order de-population and One World Government Agenda. This is an all-out war on mankind – and the jab is the bullet!!! There are already millions of casualties in this war!!! And, the NWO wants we the people to get angry and to then burn and loot so that they can foment Martial Law and a permanent indefinite lockdown planned for the 1st of February 2022. Common opinion is good authority in law.

And, it is only a few global elites controlling a few people in every government to foment the end of a natural society for greed and a fiction called money.

There is already a case underway for against world leaders for crimes against humanity:

[Reiner Fuellmich: Nuremberg trials 2.0 has begun - For English go to minute 2.10](#)

And: [Nuremberg 2 Trial against World Leaders for Crimes Against Humanity finally Kicks Off in Poland](#)

Even the NDF General has stood up against the New World Order de-population agenda and has declared to protect the Namibian people and soldiers against the "government". Listen to his voice note at:

<https://giftoftruth.wordpress.com/2021/10/14/namibian-defence-force-general-speaks-out-against-covid/>

Now, we are doing our best to avoid this holocaust by ordering RSA INC. agents to come to the table to end this madness but, all are sticking to the NWO narrative.

Our question is where do you stand? Are you standing with we the people or with RSA INC. and the NWO? This is the line in the sand; enough is enough now.

**WE MUST STOP THIS MURDER AND MADNESS BEFORE IT GETS ANY WORSE OTHERWISE THERE WILL BE NO TURNING BACK FROM THE RESULTING CHAOS!!!**

Take Further Notice That on the 23<sup>rd</sup> of November 2021 the SA Jural Assembly, a people's court, sent the UN a Cease & Desist Order giving them 90 days to enter into peaceful negotiations and resolution to discuss their withdrawal from South Africa. They are in fact private corporations fomenting mercenary activity on our land in the guise of "International Peace"; this is in fact an attempted hostile takeover; a coup and they are threatening the peace and security of Southern Africa and interfering with our independence and national sovereignty contrary to the original Law of Nations.

The Law of Peace is superior to the Law of War in any and ALL cases. HOWEVER IF, an acceptable resolution is not found then, as a last resort, we have the inherent right to lawful self-defence according to the law of necessity for self-preservation.

It is a well-established principle of law that: - Necessity overrules the law.

And: - Necessity makes that lawful which otherwise is not lawful.

Then, on the 22<sup>nd</sup> of February we will assemble a national people's assembly and table a People's State Of Emergency Plan and Self-Defence Plan before as many informed people as possible so as to agree with one voice as a matter of urgency – to activate all commanders of all SA people's Neighbourhood Watches, Civil Defence Units, Militias, ex-Liberation Armies, ex-SADF, Peace Officers, Peacekeepers, Patriots and UDF Internal Forces to defend our South African people and our Republic and to restore the peace.

We wish to deputize you and for you to affirm your loyalty to we the people and not to the corporate RSA INC. And, failing in which it will be simple proof that either your hands are tied or you regard us as the enemy.

Maxim – He who is silent appears to consent.

Maxim - Enemies are those with whom we declare war, or who declare it against us; all others are traitors or pirates.

Refer to the attached SA Cease & Desist Order to the UN, Mandamus to Courts of SA, Notice to the President of RSA Inc., Public Notice & Order to the IEC in support of this Notice & Order to the SANDF.

Kindly contact us to meet and discuss a way forward.

Govern yourselves accordingly;

By Order; without prejudice; all natural rights reserved naturally.

Commanded, Declared, Ordered, Proclaimed, Wished and Recorded this 7<sup>th</sup> Day of December 2021, Land Southern Africa; South African Republic.

In peace, by brother-thomas – peacemaker
